

**Police Emergency Generator in Campbell, CA** - This project is a valuable use of taxpayer funds because it would provide an emergency power supply for the Campbell Police Department Annex, which includes the department's holding cells and briefing area, that will ensure emergency preparedness in the event of natural disasters or terrorist threats which may result in disruption of utilities.

- **Requested Amount** - \$180,000
  - **Intended Recipient** – Campbell Police Department
  - **Address** -70 N. First Street, Campbell, CA 95008
  - **Website** – <http://cityofcampbell.com/>
- 

**Radio Interoperability Project in Campbell, CA** - This project is a valuable use of taxpayer funds because it would upgrade the City of Campbell's radio infrastructure and enhance the capabilities of the city's public safety personnel, helping the city to meet the interoperability standards set forth by the Department of Homeland Security and the narrowband mandate for all non-Federal public safety licensees by the Federal Communications Commission.

- **Requested Amount** - \$600,000
  - **Intended Recipient** – Campbell Police Department
  - **Address** -70 N. First Street, Campbell, CA 95008
  - **Website** – <http://cityofcampbell.com/>
-

**Radio Narrowband/Interoperability Project in Gilroy, CA** - This project is a valuable use of taxpayer funds because it would upgrade the City of Gilroy's radio infrastructure and enhance the capabilities of the city's public safety personnel, helping the city to meet the interoperability standards set forth by the Department of Homeland Security and meet the narrowband mandate for all non-Federal public safety licensees by the Federal Communications Commission.

- **Requested Amount** - \$530,000
- **Intended Recipient** – City of Gilroy
- **Address** – 7351 Rosanna Street, Gilroy, CA 95020
- **Website** – <http://www.cityofgilroy.com>
